

Philamena's Birthday Parties

These birthday parties take place at 195 Dunlop Street.

Listen, every child deserves a little magic on their birthday. All we're saying is, why do you want to do it all yourself? Wouldn't you like to take your birthday child home to a clean house? If your child loves to dance, why not a dance birthday party?

Children that have had a Philamena School of Dance birthday party have been amazed by their own birthday parties and isn't that what it's all about? Just a little magic on their special day and we can certainly deliver. No problem in fact.
